## census 2021

For more information, visit [census.gov.uk](https://census.gov.uk).

Households across Derbyshire will soon be asked to take part in Census 2021.

The census is a once-in-a-decade survey that gives us the most accurate estimate of all the people and households in England and Wales. It has been carried out every decade since 1801, with the exception of 1941.

It will be the first run predominantly online, with households receiving a letter with a unique access code, allowing them to complete the questionnaire on their computers, phones or tablets.
